PREMIUM QUALITY CHARCOAL

OUR PRODUCTS

Agrocharcoal's Briquette is perfect for Shisha/Hookah use due to high fixed carbon, less ash production, longer burning time, and low volatile matter content in the briquettes. While you use the briquette there will be no smoke or odors and Agrocharcoal's briquette have a pure white or grey ash color which can be cleaned easily.

We use 100% high quality coconut shell charcoal, tapioca flour and water. Without any additional chemicals that will interfere with your experience when using briquettes.
